NOTE: The number of units being discussed above are not net units added to DNV - since a significant number of existing units they replaced have not been subtracted from this tally.

SINGLE FAMILY HOMES:

- created (mostly thru subdivision) approximately 8 new single family homes/year
- 4367 secondary suites in 2016
- about 75% of new homes have secondary suites (council workshop notes of 18apr2017)
- ~170 homes rebuild "last year", in 2016 it was ~350 (6 Mar 2017 workshop notes)
- Since 2011 it is estimated that number of secondary suites added by way of renovation or demolition is ~200x6x0.75 = **900 new living units** See Stats Can
