

NVCAN WORKSHOP (2/2)

TARGETED OFFICIAL COMMUNITY PLAN REVIEW

The District of North Vancouver: Inspired by nature, enriched by people. We're conducting a targeted review of the 2011 Official Community Plan (OCP), which describes the long term vision for our community. While the OCP's vision and policies remain relevant, conditions have changed.

This workshop focuses on **housing, transportation, climate emergency, and the District's economy and employment lands**. Group activities will identify your top priorities for short-term actions that can be initiated by 2022. Your input will be used to shape a final action plan, which Council will consider later this year.

1

Identify Key Issues

July 2019 to December 2019

Surveyed residents to find out what matters most to them regarding housing, transportation, employment and climate emergency.

we are here!

2

Identify Options

January 2020 to April 2020

Determining options to address key issues.

Engagement opportunities include: focus groups, public information sessions, pop-up events, workshops, and an online survey.

3

Final Action Plan

May 2020 to July 2020

Online survey to review, validate, and prioritize actions for Council's consideration.
